ANDERSON BROS. & JOHNSON

For over 100 years, Wausau Wisconsin Red has been a highly favored monument material throughout North America, for its innate beauty. Its superior carveability and durability make it the ideal material for a truly distinctive monument; and because it is a North American product, availability is guaranteed, delivery is fast and service is focused on results.

*The only Deep Red granite in North America,
it is as unique as the people it honors.*

A tradition of *Excellence*

Granite has been used for millennia to acknowledge the life of a loved one. And, although there are many varieties throughout the world, none is more stunning than Wausau Wisconsin Red granite, quarried by Anderson Brothers & Johnson.

AB&J started to quarry this rare and exquisite Ruby Red granite in 1895; a granite so exceptional and resilient, that it earned the designation as the Official State Stone of Wisconsin.

Celebrate the life that has passed with a unique and enduring memorial that will reflect the individuality of the person whose life it commemorates.

Everlasting *Splendor*

For a tribute that will live for generations,
choose **Anderson Bros. & Johnson's Wausau Wisconsin Red Granite.**
