If you submit a request by any means other than through a password-protected account that you created before the date of your request, the verification process that we follow will depend on the nature of your request as described below:

1. **Requests To Know Categories or Purposes:** If you request to know how we collect and handle your personal information, we will match at least two data points that you provide with your request, or in response to your verification request, against information about you that we already have in our records and that we have determined to be reliable for purposes of verifying your identity. Examples of relevant data points include your mobile phone number, your zip code, and the month and year you submitted a job application to us.
2. **Requests To Know Specific Pieces of Personal Information:** We will match at least three data points that you provide with your request to know, or in response to our request for verification information, against information that we already have about you in our records and that we have determined to be reliable for purposes of verifying your identity. In addition, we may require you to sign a declaration under penalty of perjury that you are the individual whose personal information is the subject of the request.
3. **Requests To Correct or Delete Personal Information:** Our process for verifying your identity will depend on the risk level (as determined by Company) associated with the personal information that you ask us to correct or delete. For low risk personal information, we will require a match of two data points as described in Point No. 1, above. For higher risk personal information, we will require a match of three data points and a signed declaration as described in Point No. 2, above.

We have implemented the following additional procedures when verifying the identity of requestors:

1. If we cannot verify your identity based on the processes described above, we may ask you for additional verification information. If we do so, we will not use that information for any purpose other than verification.
