## Shaping the future of infrastructure

**Michels believes safe, unobtrusive underground construction is essential to the future of infrastructure across all industries. We have been performing trenchless construction for decades, and it shows.**

---

# About Michels

## Our experience counts

**Our leaders, managers and field personnel have amassed an extensive resume of technically challenging trenchless projects. We use HDD and Direct Pipe methods to construct utility lines in places where open trench installations would not be feasible or desirable. Our work is critical to infrastructure goals around Australia.**

Michels Trenchless provides the safest, most reliable solutions for Australia's evolving energy, energy transition and infrastructure needs. Our in-country project management and field crews are supported by a global team of industry experts to provide safe, unobtrusive trenchless infrastructure construction solutions.

## Our Australian team

### We're local

Our Australia-based crews are supported by a global team of industry experts to provide safe, unobtrusive trenchless infrastructure construction solutions.

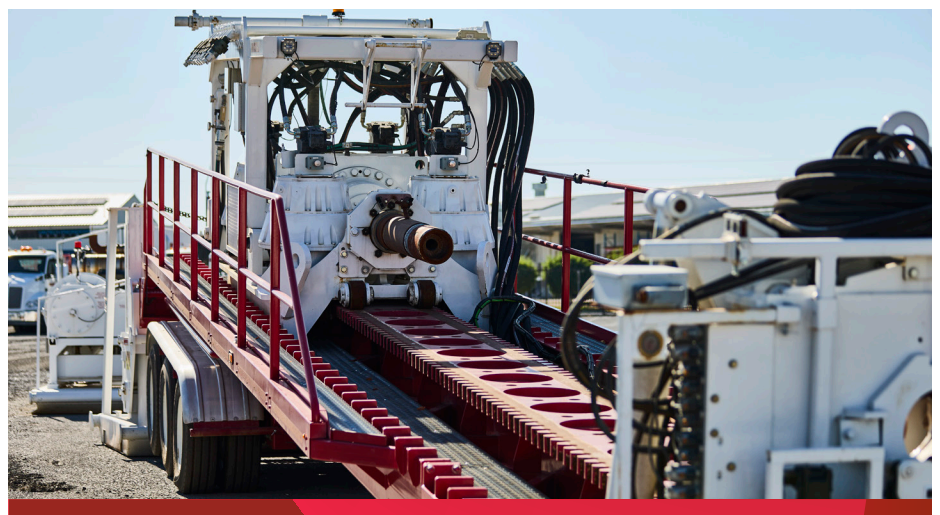

### Trenchless installations

- Direct Pipe®
- Horizontal directional drilling (HDD)

- Michels Built cuttings bins x 4
- Michels Built Drill Pipe Handler (excavator mounted)
- Michels Built Drill Pipe Break Out Unit (excavator mounted)
- Cat 336 Excavator
- Elgin Centrifuge
- JCB 5T Telehandler
- Kenworth Twin Steer Tilt Slide Truck
- Kenworth Prime Movers x 2
- Flat Deck semi trailers x 3
- Drop Deck semi trailers x 3
- Hilux Dual Cabs x 4
- 40ft Mobile Tool Container Workshop
- Grundoram Casing Hammer

## Company profile

**Michels Trenchless Pty Ltd (MTP) is a registered Australian business and a part of the Michels Family of Companies. While MTP is a registered separate entity, it benefits from the extensive experience and resources of Michels. Our mission is to maintain our presence in the Australian market as the foremost provider of HDD construction and to expand our trenchless offerings. By leveraging Michels' global expertise, MTP is well-positioned to deliver innovative and efficient solutions. We are committed to integrity, trust and respect in all our operations.**

### Business aims

MTP aims to become the leading provider of trenchless services in Australia. We are committed to delivering innovative and efficient solutions for the most challenging trenchless projects. By leveraging the expertise of Michels, the most experienced HDD contractor globally, we aim to set new standards in the industry. We are driven by our dedication to sustainable operations and swift, strategic decisions. We also aim to broaden our trenchless offerings in Australia, similar to our diverse methods in the North America.

### Customer service objectives

Our objective is to provide unprecedented customer service by ensuring timely, reliable and high-quality project delivery. We strive to exceed customer expectations through our dedication to excellence and continuous improvement. Our customer-centric approach ensures that we understand and meet the unique needs of each client. We value dedication and teamwork, and ensure that our people are passionate about quality and innovation.

### Business premises

MTP operates from a large yard and office facility located at 1-15 Racecourse Road, Wangaratta, Victoria. This facility spans 7 acres and is currently under development to include modern office and maintenance facilities. This strategic location allows us to efficiently manage our operations and provide best-in-class services to our clients. Safety is the cornerstone of our culture, both on site and in our facility, and we are committed to preserving and improving the environments in which we live and work.

---

The Michels Family of Companies is a collection of wholly owned infrastructure and energy contractors providing solutions under the Michels brand flagship. All companies perform safe, unique and specialised services for energy, foundations, renewables, marine, transportation, civil, and water and wastewater industries.

# A Family of Companies

## The Michels Family of Companies

Whether operating alone or collaborating on a project, all members of the Michels Family of Companies are united by shared core values, quality standards and a world-class reputation upheld by Michels since 1959. Our customers receive innovative solutions, consistent quality and the convenience of one key point of contact.

The Michels Family of Companies delivers safe, reliable solutions to industries focused on improving the quality of daily life throughout the world.

Our core values

1. SAFETY
2. ENVIRONMENT
3. INTEGRITY
4. DEDICATION & TEAMWORK
5. SOCIAL RESPONSIBILITY
6. SUSTAINABLE OPERATIONS

**Safety is the cornerstone of our culture.**

Safety is more than something we talk about. We incorporate it into everything we do. That means we provide our people with programs, tools, time and training to do what needs to be done without cutting corners or taking unnecessary risks.

# Our Commitments

## **Create meaningful partnerships**

Michels self-performs most construction activities on projects but hires local, specialised contractors when efficiencies can be gained. Whenever possible, we seek the services of qualified small, disadvantaged, veteran, women, indigenous and/or minority owned businesses.

## **Sustainable standards**

Michels is committed to good corporate citizenship and environmental leadership for a healthy environment. This commitment drives our operations and provides our customers with safe, reliable and responsive construction services conducted in an environmentally responsible manner. We hold ourselves accountable to the high standards that have guided Michels since 1959 and believe our strategic, thoughtful actions today allow us to positively impact tomorrow.

## **Efficiency and quality**

Our Quality Management Program places emphasis on providing innovative, cost-effective solutions to our customers. We continuously improve the effectiveness, efficiency and repeatability in which projects are delivered with concentration on turning over completed projects that meet or exceed customer expectations for performance and life-cycle costs.

## **Focusing on the future**

The Michels Family of Companies is committed to a sustainable working environment for our people, clients and communities we serve. Our journey continues, all the while maintaining constant focus on the health, safety and social wellbeing of our people and communities, with increasing emphasis on measurable environmental sustainability programs.

The Michels Sustainability Journey is aligned with our core values for a consistent commitment and advancement of performance and fiscal responsibility throughout the Michels Family of Companies. We are advancing the Michels Sustainability Journey by setting, reaching and strategically evaluating our measurable actions.

## **Supporting communities and causes**

Michels demonstrates our responsibility as a strong corporate citizen by investing in the communities where we live and work. Our roots have spread far beyond the small, rural town where we were established, but our pride in the places we call home remains as strong today as it was in 1959. In addition to building projects to improve lives, Michels is committed to building strong communities in other ways. We actively give back to local communities, regions and national causes by providing financial contributions, donations and volunteer support.

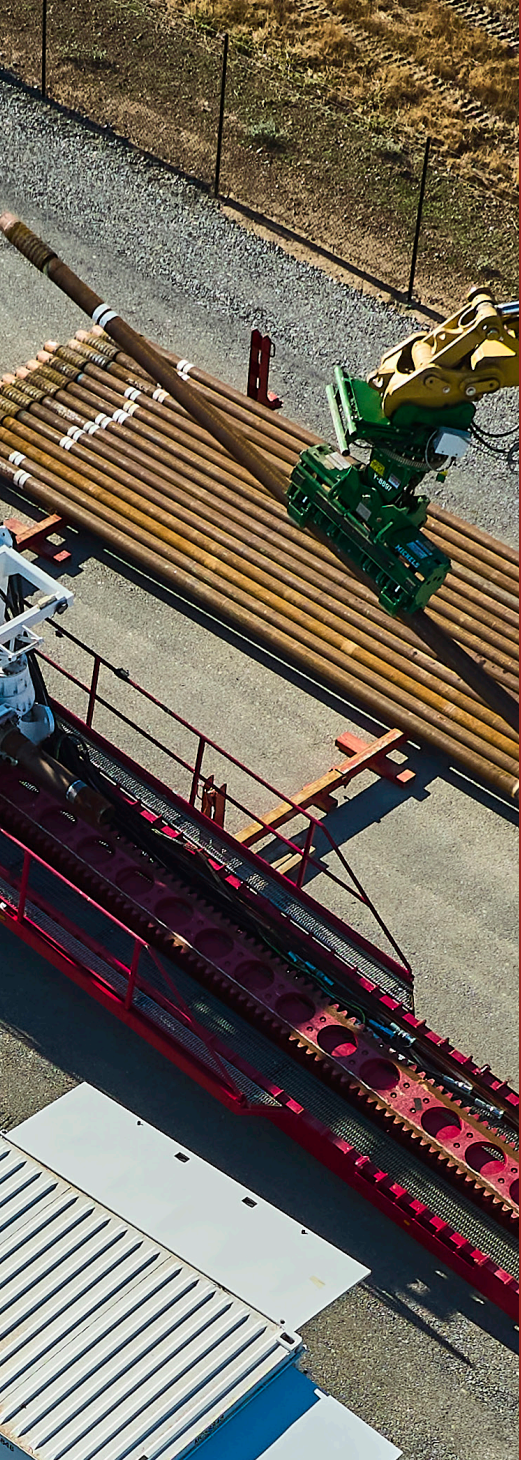

# Our environmental commitment

We firmly believe our commitment to the environment benefits our customers, shareholders and the communities we serve. As we adapt to a changing world, we maintain current practices and find new ways to strengthen our focus on innovative infrastructure solutions and environmentally sound practices.
